

The Federal Communications Commission

Dear The Federal Communications Commission,

I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am a senior citizen and I rarely have a long distance bill of more than \$5-10. I have a prepaid cell phone on which I use about 100 minutes a year.

It is unfair that I would pay the same amount for the universal service fund as high volume residential or business customers.

I urge you to reject the proposal to move the USF collection system to a flat-fee.

Sincerely,

Ronald Jeffris
